Calling all researchers, scientists, and industry professionals! Mark your calendars for the highly anticipated 4th and 5th Workshops of the Biophysical Society of Europe (BPOE) in 2024. These two prestigious events will take place in the vibrant cities of Salt Lake City, Utah, USA, and Hangzhou, China, promising an unparalleled blend of scientific advancements, cultural immersion, and networking opportunities.

The BPOE Workshops are renowned for bringing together leading experts in biophysics and related fields to share their latest research findings, engage in thought-provoking discussions, and foster collaborations. This year's workshops will cover a wide range of topics, including:

- Membrane biophysics
- Cellular biophysics
- Computational biophysics
- Biomolecular spectroscopy
- Nanobiophysics

4th Workshop BPOE 2024: Salt Lake City, March 2024

Nestled amidst the breathtaking Wasatch Mountains, Salt Lake City is a vibrant metropolis known for its cultural attractions, outdoor recreation opportunities, and thriving scientific community. The 4th Workshop BPOE 2024 will be held from March [insert dates] at the state-of-the-art Salt Palace Convention Center.

In addition to the exciting scientific program, attendees will have ample opportunities to explore Salt Lake City's many charms. Visit the iconic Temple Square, marvel at the spectacular Great Salt Lake, or embark on a scenic hike in nearby Canyonlands National Park. The city's vibrant dining scene and lively arts community offer a perfect balance to the conference schedule.

5th Workshop BPOE 2024: Hangzhou, September 2024

Known as the "Paradise on Earth," Hangzhou is a picturesque city located on the shores of the iconic West Lake. The 5th Workshop BPOE 2024 will be held from September [insert dates] at the luxurious Hangzhou International Expo Center.

Beyond the scientific sessions, Hangzhou offers a wealth of cultural experiences. Stroll along the enchanting West Lake causeway, visit the historic Lingyin Temple, or immerse yourself in the vibrant tea culture at the Longjing tea plantations. Hangzhou's renowned cuisine and bustling nightlife scene provide a delightful complement to the conference.

Unleash Your Networking Potential

The BPOE Workshops are not just about scientific advancements; they are also a fantastic platform for networking and building lasting collaborations. Engage with leading experts, exchange ideas, and explore potential partnerships to further your research endeavors.

The dedicated networking breaks, social events, and poster sessions provide ample opportunities to connect with fellow scientists from around the world. The BPOE community fosters a supportive and inclusive environment, encouraging mentorship, knowledge sharing, and the creation of new scientific endeavors.

Register Today and Secure Your Spot

Don't miss out on this exceptional opportunity to advance your scientific knowledge, expand your network, and experience the cultural richness of Salt Lake City and Hangzhou. Registration for both workshops is now open.

The 4th and 5th Workshops BPOE 2024 promise to be unforgettable scientific and cultural experiences. Whether you are a seasoned researcher or an emerging scientist, these workshops offer something for everyone. Join us in Salt Lake City and Hangzhou to push the boundaries of biophysics, forge new connections, and embrace the vibrant cultures that these cities have to offer.

We eagerly anticipate welcoming you to these extraordinary events and sharing the latest advancements in biophysics while exploring the rich cultural heritage of two captivating destinations.
