

9th International Conference Lion Lille France January 12 15 2024 Revised

The 9th International Conference on Learning Inspired Optimization Networks (LION) will be held in Lille, France, from January 12-15, 2024.

The conference will bring together researchers and practitioners from around the world to share their latest findings on the use of LIONs in a variety of applications.

LIONs are a type of artificial neural network that is inspired by the way that animals learn. LIONs have been shown to be very effective in solving a variety of problems, including classification, regression, and clustering.

Learning and Intelligent Optimization: 9th International Conference, LION 9, Lille, France, January 12-15, 2024. Revised Selected Papers (Lecture Notes in Computer Science Book 8994)
