The law of contracts governs the formation and enforcement of agreements between consumers and businesses. This book provides a detailed overview of the elements of a contract, the defenses to contract formation, and the remedies for breach of contract. The law of torts provides remedies for injuries that are caused by the wrongful conduct of others. This book discusses the different types of torts that can be asserted by consumers, such as negligence, fraud, and misrepresentation. The law of consumer

credit regulates the lending of money to consumers. This book provides an overview of the different types of consumer credit transactions, the disclosures that must be made to consumers, and the protections that are available to consumers under the law.

Consumer Protection Law: Markets and the Law is an essential resource for anyone who wants to understand the legal framework that protects consumers in the marketplace. This book is a valuable tool for students, lawyers, and policymakers alike.
