In her debut memoir, *Easier To See Jeong Love Leaving Than Arriving*, author Jeong explores the profound and often contradictory emotions that accompany the loss of a loved one. Through lyrical prose and poignant vignettes, she delves into the complexities of grief, love, and the search for meaning in the face of adversity.

Jeong's journey begins with the sudden and unexpected death of her beloved grandmother. In the aftermath of this devastating loss, she is consumed by grief and a sense of profound emptiness. She struggles to make sense of her grandmother's absence and to reconcile herself with the reality that she will never see her again.

As Jeong navigates the labyrinth of grief, she finds solace in the memories of her grandmother's love and wisdom. She also finds strength in the support of her family and friends, who provide her with a much-needed lifeline during this difficult time.

Over time, Jeong's grief gradually transforms into a more nuanced and reflective process. She begins to see her grandmother's death not only as

a loss but also as an opportunity for growth and self-discovery. She explores her own mortality and the fragility of life, and she comes to a deeper appreciation for the preciousness of each and every moment.

Easier To See Jeong Love Leaving Than Arriving is a powerful and moving exploration of the human experience of loss and healing. Jeong's writing is both deeply personal and universally relatable, and her insights into the nature of grief and love will resonate with anyone who has ever experienced the pain of loss.
