

Marrakech 1912: Coexistence With Colonialism

Marrakech 1912: Coexistence With Colonialism is a groundbreaking work that explores the complex and often contradictory relationship between the Moroccan city of Marrakech and the French colonial regime that ruled it from 1912 to 1956. Through a rich tapestry of archival research, oral histories, and evocative photography, the book reveals the ways in which Moroccans and French settlers navigated the challenges and opportunities of living together in a colonial city.

The book is divided into three parts. The first part, "The Colonial City," provides an overview of the history of Marrakech under French rule. It examines the ways in which the French transformed the city's physical landscape, its social fabric, and its economy. The second part, "The Moroccan City," explores the ways in which Moroccans resisted and

adapted to French rule. It examines the rise of Moroccan nationalism, the development of a new urban elite, and the emergence of a vibrant cultural scene.

The third part of the book, "Coexistence and Conflict," examines the complex relationship between Moroccans and French settlers. It explores the ways in which the two groups interacted with each other, both formally and informally. The book also examines the ways in which the colonial regime attempted to manage the tensions between the two groups.

Marrakech 1912: Coexistence With Colonialism is a major contribution to the scholarship on colonial Morocco. It is a rich and nuanced account of the ways in which Moroccans and French settlers lived together in a colonial city. The book provides a valuable perspective on the complex history of Morocco and its relationship with France.
