In their groundbreaking book, 'Queering Your Craft,' Lee Harrington brings together queer and gender non-binary witches to explore the intersections of queerness and witchcraft. This powerful and provocative work reclaims witchcraft as a practice of liberation and self-empowerment for queer people of all backgrounds.

Through personal essays, spells, rituals, and meditations, 'Queering Your Craft' creates a space for queer people to connect with their own magic and reclaim their power. Harrington challenges the traditional heteronormative and cisnormative narratives that have dominated witchcraft for centuries, and offers a new vision of witchcraft that is inclusive and empowering for all queer people.
