

# We Are All Greta: Inspiring Stories from Young Climate Activists

In 2018, a 15-year-old Swedish girl named Greta Thunberg began skipping school every Friday to protest outside the Swedish parliament. She demanded that the government take action on climate change. Her solitary protest quickly inspired a global movement of young people who are fighting for their future and the future of our planet.

We Are All Greta is a collection of inspiring stories from young climate activists around the world. These young people are from all walks of life, but they share a common goal: to create a better future for all.

The stories in this book are full of hope, determination, and courage. They will inspire you to take action and make a difference. They will show you that you are not alone in the fight for climate justice.

## Meet some of the young climate activists featured in **We Are All Greta:**

- **Xiye Bastida** is a 19-year-old climate activist from Mexico. She is a member of the Indigenous Climate Action Network and the Sunrise Movement. Xiye is fighting for climate justice and environmental protection for her community and for all Indigenous peoples.
- **Autumn Peltier** is a 16-year-old climate activist from Canada. She is a member of the Wiikwemkoong First Nation. Autumn is fighting for the protection of water and for the rights of Indigenous peoples.
- **Licypriya Kangujam** is a 9-year-old climate activist from India. She is the founder of the Child Movement. Licypriya is fighting for climate justice and for the rights of children.
- **Alexandria Villaseñor** is a 14-year-old climate activist from the United States. She is the founder of the Earth Uprising movement. Alexandria is fighting for climate justice and for the rights of young people.
- **Isra Hirsi** is a 16-year-old climate activist from the United States. She is the co-founder of the US Youth Climate Strike. Isra is fighting for climate justice and for the rights of young people.

These are just a few of the many young climate activists who are fighting for a better future. Their stories are an inspiration to us all. They show us that we are not alone in the fight for climate justice. We are all Greta.

### **What can you do to help?**

There are many things you can do to help the fight against climate change. Here are a few ideas:

- **Reduce your carbon footprint.** This means making changes to your lifestyle that will reduce your greenhouse gas emissions. Some simple things you can do include walking or biking instead of driving, eating less meat, and using less energy at home.
- **Get involved in climate activism.** There are many ways to get involved in the fight against climate change. You can join a local climate action group, attend protests, or write to your elected officials.
- **Support young climate activists.** The young people who are fighting for climate justice are our future. We need to support them in any way we can. We can donate to their organizations, share their stories, and amplify their voices.

Together, we can create a better future for all. We can fight for climate justice and protect our planet for generations to come.
